OPEN FOR BUSINESS

We take pleasure to announce to the public that we opened a Clothing and Gents' Furnishings and Shoe Store at 607 Locust Street in the Pizer Block, 2 doors north of the Dodge Garage, with standard lines. Our stock is all new bought at the market falling prices. Our overhead expense is practically a trifle. We have no rent nor clerk hire to pay. The stock has been bought for cash, therefore we are in position to sell to the public at prices that no other store can compete with us. We have one price for all. We buy and sell for cash only. At these times everybody is trying to save all they can and we assure you, you can do that in this store. The name Pizer is not strange to the public. Julius Pizer started in North Platte in 1893 and conducted his business most successfully up to a year and a half ago when I sold out. I am now starting my son, Harry, in business and will give my personal attention to the business. I invite all my old friends and customers, Harry's friends, to come and see us. inspect our lines and compare prices, quality considered, Harry is a good natured boy, born and raised in North Platte, graduated from the North Platte High School. He will take pleasure to wait on you whether you buy or not. Give us a call. Yours for business.

FOR THE MAN WHO SAVES

IS YOUR MONEY SAFELY INVESTED?

First mortgage loans for years past have proved to be about the safest investment one could possess, and during the present financial conditions this fact is again evident. The reason for this is due to the fact that loan companies making and disposing of first mortgages, loan a very small per cent of the value of the property, usually one-fourth to one-half of a conservative value, and there must be an extremely large shrinkage in the value of the property before the mortgage is affected.

Many stocks in good companies and various securities are selling today at a greatly reduced price, while a good first mortgage secured by real estate has not depreciated. We can offer such securities for money invested with us to realize you 5 to 7 per cent interest.

Mortgages can be purchased on small payments and your money is earning a good rate of interest as soon as left with us. Call and let us explain.

When the Head Tilts

Whenever you note a person who carries his head tilted to one side or the other habitually, you may be certain there are faults of the spine in the neck, or cervical region, that are out of alignment. This defective carriage of the head may be dated from childhood. It is always accompanied

by some form of head trouble. It may be defective eyesight, deafness, catarrh or tonsillitis. Chiropractic spinal adjustments correcting the alignment of neck joints of the spinal column will remove the pressure on spinal nerves, and restore normal healthful conditions, strengthening the eyes, clearing catarrh, or improving the hearing.

Chiropractic spinal adjustments remove the cause of your disease by restoring normal nerve openings and by this simple process chiropractors everywhere are correcting diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and genital organs.

WHEN HEALTH BEGINS depends on when you telephone No. 79 for an appointment. Consultation is without charge.
